

## EASY GLIDE TRACKING SYSTEM

- Easy glide track
- Constant and low force on opening and closing without the stepping up in resistance of other systems
- The narrowest system available on the market for this size of door.
- Optimum space in the cabinet for maximum storage

*A patented system by Plastil*

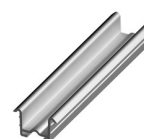

- Plastil have developed a special tracking system to optimize functional space taken up by the shutter and therefore maximizing the usable space in the single door cabinet

- This system is compatible with our full range of shutters

- Matches both wooden or steel cabinets

### TECHNICAL DETAILS

	Reference	Description	Cabinet Options
<b><u>Cartridge</u></b>	<b>7400L</b>	Recessed	<b>Version B</b> Wood cabinet 1200mm W 77mm X D 388mm
		Surface Mounted	<b>Version C</b> Steel cabinet 1200mm W 77mm X D 400mm
<b><u>Tracking</u></b>	<b>1165</b>	Recessed	
	<b>1493</b>	Surface mounted	

### COMPATIBILITY

<u>Material</u>	<u>Shutter reference</u>
<b>PVC</b>	839, 948, 860
<b>PP</b>	1019
<b>Aluminium</b>	2294
<b>Compo-Wood</b>	1516
