

# SINGLE DOOR TRACKING SYSTEM

**NEW**  
**Product**  
**2010**

- Easy glide track
- Constant and low force on opening and closing without the stepping up in resistance of other systems
- The narrowest system available on the market for this size of door.
- Optimum space in the cabinet for maximum storage

- Plastil have developed a special tracking system to optimize functional space taken up by the shutter and therefore maximizing the usable space in the single door cabinet
- This system is compatible with our full range of shutters
- Matches both wooden or steel cabinets

*A patented system by Plastil*
